AN INSIGHT INTO THE STREET COMMISSIONER'S, AND COLLECTOR'S OFFICES - WHO CONSTI-TUTE THE SCRIMSHAW PAYEMENT COMPANY.

The project of opening Reid-ave. was started bout two years ago, by several wealthy real estate waters along the line. At that time there were only two uildings standing upon the line through which the thorschfare was to have run, which were owned by Wm. timesson and Wm. Coben. Both structures were old and of little value, yet Simonson asked \$3,000 for his prop-erty, while Cohen asked only \$2,000. Believing that these tices would not be changed, the property-owners peti-oned for the opening of the avenue. Geo. W. Pearsall, ohn P. Troy, and Justice Lynch were appointed Com-landours. They were extremely liberal with money,

was presented to the astounded property-ov	pers:	
Expenses of improvement	\$31,399	47
Lands and buildings to be taken	21,541	00
Surveyor's bill	. 1,144	**
Searcher's fees	. 1,250	00
Commissioner's fees	500	
Collection fees	. 560	
Attorney and counsel	. 100	00
	-	-

It appeared from the Commissioner's report that imonson had received an award of \$21,490 92, and was cosed \$9,504 31. Cohen was allowed \$5,000. A contract to pave Reid-ave, was awarded recently to a man named Connelly. A distance of 21 blocks was to be paved, at a cost of \$3 25 per square foot. The contractor began work premptly, and had nearly finished when Street Commissioner Furey ordered him to coase, saying that the work was not properly done, and immediately advertised for proposals to repave the avenue. The indignant property owners thereupon signed a petition praying that. Connolly be allowed to complete his work, and declaring that they were perfectly satisfied with it. Despite their remonstrance, the contract was taken from Connolly and awarded to a man friendly to the interests of the Ring. Instead of \$3 25 per foot, the real estate owners will have to pay \$2 35.

It is generally believed that a majority of the Board of Aldermen own stock in the Scrimshaw Pavement Company, the value of which may be inferred from the fact that an ordinance passed by the Common Council requires every sidewalk to be flagged with blue-stone, 5 feet long, 3 feet wide, and 25 inches thick, or with Scrimshaw pavement. Flagging costs from 25 to 26 ceuts per square foot, and Scrimshaw pavement, 172 cents per square foot, and Scrimshaw pavement, 174 cents per square foot, and Scrimshaw pavement, 175 cents per square foot, and Scrimshaw pavement, 175 cents per square foot, in disewalks are laid, and the slightest departure from the Common Council ordinance attracts his attention. The flagging from many a sidewalk has been torn from its bed by his order, and thrown into the street.

## THE BROOKLYN ABORTIONISTS.

TRIAL OF MADAME VAN BUSKIRK AND DR. PERRY FOR CAUSING THE DEATH OF EMILY

The notorious abortionists, Madame Van Buskirk and Dr. Perry, were arraigned for trial, yesterday, before Judge McCue, in the criminal branch of the Brooklyn City Court, on a charge of manslaughter, in causing the death of Emily A. Post by malpractice. District-Attorney Morris and ex-Judge Moore appeared District-Attorney Morris and ex-Juage Moore appeared for the people, and Charles S. Spencer and John Cooney for the prisoners. Mr. Spencer demanded a separate trial for the accused, which was granted, and Benjamin Perry's case was first called. The jury was then impaneled, as follows: Charles Dennis, Frederick W. Lamb, Joseph Merwin, John A. Van Wyren, George W. Lamb, Joseph Merwin, John A. Van Wyren, George W. Almy, Edward Lyon, John B. Houcker, Austin Packard, Silaa T. Robbins, George Lovett, Sherman P. Cole, John P. Carles

ExJudge Moore opened the case for the people, and closed his remarks by saying: "We expect to show that the death of this gir was caused by the brutality of this man and this woman. There does not appear to be any reason why the ordinary result attending confinement would not have followed had not their brutality been exercised upon the deceased, and the only reason that can be assigned for her death, so far as the testment before the magistrate shows, is the treatment as received from these people." The witnesses called were Peter K. Post, ir., and Peter K. Post, sr., brother and father of the deceased; Peter Maguire, the back-driver who conveyed the party to Brooklyn; Ellen O'Connell, Sergeant Easton. and Dr. Read of the City Hospital, whose testimony was substantially as given before Coroner Jones, at the inquest. The trial will be resumed to-day.

THE COURTS. AN INDIGENT POLITICIAN IN COURT. A motion in the case of George Finnegan A motion in the case of George Finness, against Hulet Odell, Assistant Alderman of the City of New-York, was made, yesterday, before Chief-Judge Daly in the Common Pleas, by Brown, Hall & Vanderpoel, on behalf of Samuel McCarthy, who claims to be the assignce of the entire salary of the defendant, Gdell, poel, on behalf of Samuel McCarthy, who claims to be the assignee of the entire salary of the defendant, Odell, from May, 1870, to the expiration of the latter's term of office. The motion was to vacate an order upon the Controller, made on the 5th of December last, to pay over the November asiary of Odell to Finnegan. A suit was bearun in March, 1870, in the Marine Court, by Finnegan against Odell, in which judgment was recovered and execution returned unsatisfied, the defendant claiming that he had no property, and carried on the business of horse dealer simply as the agent of Samuel McCarthy, and that his salary for the whole of his term, expiring January 1, 1872, had been assigned to McCarthy in May, 1870, in consideration of a loan of \$5,000. A reference was ordered to determine the bona fides of such assignment, and the referee's report exhibits the fact that McCarthy was employed as a cleaner of horses in the stable of defendant, Odell, at \$10 a week for some years, and that he alleges that during this period he carried on his person in a belt \$5,000; and that without taking any security from Odell, he loaned the latter \$6,000 in 1869, and sobsequently took the assignment of Odell's salary as security. That assignment of the latter the order of Dec. 6, 1870, and the defendant Odel continued as before to draw and use such assignment until after the order of Dec. 6, 1870, and the defendant Odel continued as before to draw and use such assignment of a city official is void as against public policy; that the examination disclosed a corrupt and fraudulent collusion between Odell and McCarthy, and that if such an assignment were made it was not bona fide. The Court suggested that such assignments as this were void under the decisions, but that as the report did not contain the Refere's conclusions of fact and law, it should be returned for amendment, and the decision on the whole question reserved until the coming in of such amended report.

The steamer Chih-li, recently purchased by The steamer Chin-ii, recently purchased by the Japanese, is said to be intended ere long to start with a party of Japanese etatesmen, scholars, and students on a voyage of observation and research round the world. When one remembers that it is only 18 years since the ramparts of the right excentiveness of Japan were removed, such a step in advance is astoniching.

The French journals tell a story to the daughter her choice between a dewry of \$30,000 and the MS. of "Quentin Durward." She asked to read the work, and secretly taking it so a publisher, found he would give her nearly \$25,000 for it. She then told her father she would prefer the novel, which deeply touched the poet, who died in blissful ignorance of the trick.

Some of the English journals pronounce James Johnson, Secretary of the Scottish Anti-Papal League—who wrote to Gladstone inquiring if he were or were not a Roman Catholic—positive monomaniae on the suspect or tee Soman caurea and everytaing connected with it. Two of the Comte de Chambord's friends, while in Belgium with the Count recently, took grave exception to an editorial in the Journal de Bruges on the exception to an editorial in the Journal de Bruges on the subject of monarchy by divine right, demanded astisfaction, and had a violent scene. They made such an excitement in the quiet old town that the Burgomaster went to Brussels to complain, and the Government recommended the Count to abate the seal of his followers on pain of imprisonment. The result was, Chambord and his friends quitted Belgium in anger and disgust, and Bruges has resumed the even tenor of its monotonous way.

SECOND BOARD,

| SECOND BOARD | Sales of Gorwaners Bonat | Sale

FRIDAY, Sept. 22-P. M. There has been a restricted business reported at the Stock Exchange, comparatively speak-ing, although beneath the surface a decidedly exciting undercurrent was discernible. The prices of stocks at the start were firm and advanced until about midday, when the whole market made some concessions; but later in the afternoon another improvement was made, and thenceforward to the close the market ruled firm on and thenceforward to the close the market ruled firm on a light trade. There has been no particular feature to record, the small talk usually current in the various brokers' offices of on the street being much less than usual both in quantity and significance. The apprehen-sion that money is about to become stringent, encour-aged by those whose interest lies in that direction, croates a rather bearish sentiment, while the large uncovered short interest makes it possible

for the bulls to execute a brilliant movement on the board, and, at least temporarily, establish a higher basis. Between these opinions speculation for the moment haits. The chief features to-day were Pacific Mail, Western Union Telegraph, North-Western, Ohio and Missistippi, Lake Shore, and Union Pacific. In these stocks the dealings at times were quite brisk, a fair movement being recorded in the other speculative shares, though unattended by any material changes. The investment shares were quiet, but well supported. In the miscella-neous shares Mariposas and Quicksilver were weak and neglected, while in coal stocks the Consolidation Company was strong and sold up to 45. Expresses were firm on a small trade. The following table shows the highest and lowest prices of active stocks made to-day:

Gold has been active to day, particularly at certain Gold has been active to day, particularly at certain periods. During early dealings the price ranged at 113; 3144, the rise being due to the large purchases of a prominent foreign banking-house. Still later, owing to the continued domand from the same source, coupled with the attempted covering of some short gold, and the stiffer feeling in Exchange, the price rose to 114, and ruled strong thenceforward to the close. The action of the Treasury, yesterday, in giving more gold to the street, has turned the scale of cash gold in the opposite direction, and holders of gold to-day paid 5, 4, 3, 6, 7, and of per cent, gold, to have balances carried over, late loans being reported free of interest to either borrower or lender. The day's business at the Gold Exchange Bank was as follows: Gold cleared, \$75,071,000; gold balances, \$3,195,360; currency balances, \$3,649,288. The following

The exchanges at the Clearing-House were \$109,937,597 and the resulting balances \$5,683,391.

A more active demand is reported for money to-day, and to most of the stock brokerage concerns the common rate was 7 per cent, though some first-class borrower. rate was 7 per cent, though some insteads contributes were accommodated at 6 per cent, or at least loans previously made at that figure were left undisturbed. Transactions were reported as high as the legal rate in gold, but these if they were actual, were exceptional. On Government securities the rates were five and six. To what extent the market is likely to be affected by out-side interference remains to be seen, but it is asserted that if the pressure becomes intense, the Treasury would that if the pressure becomes intense, the treasury would buy more bonds at once, for whatever may be the Secretary's idea of his duty respecting gold, he entirely appreciates the importance of keeping the currency supply abundant. BANKING AND FINANCIAL.

FIRST MORTGAGE SINKING FUND LAND GRANT BONDS OF THE

ST. JOSEPH AND DENVER CITY RAILROAD COMPANY, IN DENOMINATIONS OF \$1,000, \$500 AND \$100, can now be had from the undersigned or through the principal banks and bankers of the United States. The attention of investors is invited to the merits of these Bonds, secured by a first and only mortgage on the road, equipments, franchises and property of a trunk line of railroad which will shorten the distance between New-York and San Francisco some 230 miles. and in addition the mortgage to secure the Bonds covers a land grant of 1,500,000 acres of the most fertile land in the West, which is prohibited from being sold at less than four (\$4) dollars per acre by the terms of the mortgage deed, and according to the present market price of the Illinois Central Company's lands is worth \$18,750,000. This loan was originally for \$5,500,000, but has been largely reduced by subscriptions of actual investors. The remaining balance of the loan is offered at 97; and accrued interest, but the right is reserved to advance the price at any time, without notice.

The Bonds have thirty years to run; bear 8 per cent interest, payable in New-York, London or Frankfort-on-the-Main, at the option of the holder. without notice, free of taxes. BOTH PRINCIPAL AND INTEREST ARE PAYABLE IN GOLD. They are Coupon Bonds, but can be registered with the coupons ON, or can be registered with the coupons OFF, and interest paid to registered owner. Interest payable August 15 and February 15. A liberal sinking fund, formed from the entire land sales, in payment for which the bonds will be received at par and accrued interest, provides for the early extinguishment of this loan.

Trustees-Farmers' Loan and Trust Company. These bonds offer favorable inducements to parties desiring to fund their Five-Twenties, or other highpriced securities.

In converting Five-Twenties the investors realize 17 per cent profit on the principal; 2 per cent per annum excess of interest; and at the same time get a perfect security. Maps, circulars, documents, and full information

furnished on application.

Though acting as agents for the sale of this loan, our firm buy and sell in their regular business the bonds of the St. Joseph and Denver City Railroad Company, those of the Eastern Division being now quoted at 102 and accrued interest. These were originally placed by us at 97%. TANNER & Co., Bankers, No. 11 Wall-st.

WINSLOW, LANIER & Co., No. 27 PINE-ST., offer for sale at 90 cents and accrued interest in cur-

rency, and recommend as an investment of the most undoubted character, the 7 Per Cent Bonds of the GRAND RAPIDS AND INDIANA RAILROAD COMPANY. They have 30 years to run, principal and interest payable in gold, coupon or registered, interest October and April. They are secured by a first mortgage on 220 miles of finished road and 100 miles more in progress, and on a Land Grant of one million one hundred and sixty thousand acres of lumber land in Northern Michigan. The road extends from Fort Wayne, where it connects with the extensive system of roads centering at that point, northerly, and having been finished through the rich agricultural region of Southern and Central Michigan, has now region of Southern and Central Michigan, has now penetrated the Land Grant. The lands have been recently put upon the market, and are being rapidly sold. By the terms of the mortgage the proceeds of the land must be invested by the Trustees in the purchase of the Bonds, which insures their constant re-purchase from the holders. This Land Grant is estimated to be worth \$12,000,000, and is probably more available for immediate sale than any other Land Grant ever made to any company. The whole issue is Eight Million Dollars, of which more than six millions have been disposed of. This road is run as a connection of the Pittsburgh, Fort Wayne and Chicago Railroad, and the Pennsylvania Railroad, and has the powerful support of those companies and their numerous affiliated lines. These Bonds have been sold in large lines to the most prudent investors.
